

Liquid Color Pack

Product Description

Deco-Crete Supply's Liquid Color Pack (LCP) is formulated to mix with the liquid component of the Flex-C-Ment's powder mixes.

Benefits & Features

- Rapid dispersion in the mix
- UV-resistant
- Color matches Deco-Crete's Liquid Integral Concrete Colors

Technical Information

Application Temperature	40°F - 80°F
VOC (Volatile Organic Compound) Content	0 grams/Liter
Appearance	Liquid

Approximate Coverage Rates

Flex Stamp Mix	Colors approximately 5 - 6 bags
Flex Trowel Mix	Colors approximately 4 bags
Flex Spray Mix	Colors approximately 2 - 3 bags

Shelf Life

Up to one year from manufacture date in its original, unopened container stored at room temperature.

Packaging

Weight and contents of packages will vary depending on the desired color.

Instructions for Use

Preparation: The contents are to be used with gray Flex-C-Ment bag mixes only.

Mixing: Add this pigment to 5 gallons of water. Once all the pigment is transferred into the liquid, refill the bottle halfway with water then agitate the bottle and dump contents back into colored water. Repeat until all color is removed from bottle. Blend with a drill mixer for approximately 3 minutes. **COLORED WATER NEEDS TO BE AGITATED IMMEDIATELY BEFORE MIXING WITH POWDER!** If you fail to agitate the water each time then color variation will happen.

Application: Be sure to always be extremely consistent with quantities of contents when mixing several batches to ensure complete color consistency. Even a small variation in the amount of water used can change the final color.

Please note: It is always recommended to test the product in a small, inconspicuous area (on the same concrete substrate) for desired results prior to application. Coverage rates may vary for all coatings and substrates depending on porosity, density, texture etc.

Clean-up

Use soap and water. Dispose of containers in accordance with local, state and federal regulations.

Special Notes

Please consult Safety Data Sheet (SDS) prior to use. This information can be requested by contacting customer service at 330-682-5678.
